BINGO BOWLING

HOW TO PLAY

1. Divide into teams.
2. The number of pins knocked down in each frame will be filled into the team's bingo sheet. For example, John knocks down 6 pins. He will fill in only one the box with the number 6 in it. If all the 6s are already filled in, his shot is not recorded.
3. Then move on to the next bowler and record his/her frame's score and continue in the same fashion for the remainder of the game.
4. BINGO is completed when a group of boxes on the score sheet are filled-in, making a line, or try a BLACKOUT BINGO game where all the boxes must be filled-in to win!
